

Bharat Electronics Limited (BEL.NS)

Annual Report & Financial Analysis Report · Generated on 27 Jun 2026, 12:39

Company Profile

Sector: Industrials | **Industry:** Aerospace & Defense | **Website:** <https://www.bel-india.in>

Bharat Electronics Limited designs, manufactures, and supplies electronic equipment and systems for the defense and civilian markets in India. The company's defense products include defense communication products, land-based radars, naval systems, electronic warfare systems, avionics, electro optics, tank and armored fighting vehicle electronic systems, weapon systems, C4I systems, upgrades, shelters and masts, simulators, batteries, components and devices, fuzes and unmanned systems; microwave tubes and power modules, microwave super components, digital multichannel data recorders, and hybrid micro circuits; and micro-electro mechanical systems, such as pressure transducers, and conductivity temperature and depth sensors. Its non-defense products comprise e-governance systems, homeland security products, civilian radars, and telecom and broadcast systems; integrated traffic management systems, real time train information systems, and solar power solutions; and PD and strategic products, silicon radiation detectors, passive vacuum devices, EMI filters, and multichannel voice logging recorder systems. It also provides electronic manufacturing services, including PCB assembly and testing, precision fabrication, microwave integrated circuit assemblies, super components modules, cable assemblies, and antennae manufacturing services; designs and manufactures transformers, coils, chokes, and sub-assemblies; and software services. In addition, the company offers cyber security products, such as data diodes and secure storage products; EV charging stations; and platform screen doors. Further, the company provides security architecture conceptualization and consulting, and information security audit services. It exports its products to the United States, France, Spain, the United Kingdom, Mauritius, Seychelles, Mauritius, the Republic of Armenia, Sri Lanka, Sweden, and Israel. Bharat Electronics Limited was incorporated in 1954 and is headquartered in Bengaluru, India.
